

Lee Grieve

Seeking position of Member at Large

My name is Lee Grieve and retired Air Force Master Sergeant and now I work as a software test engineer at Hurlburt Field. I spent my first 16 years in the military loading bombs and missiles on F-4, F-15, F-16 and F-117 aircraft. I'm a veteran of Desert Storm. Realizing that they don't have bomb loaders in the real world I had to find a real job. I cross-trained into computer system administration met my lady Jean and the rest is history! In my spare time I have always been driven to volunteerism and have a pretty diverse volunteer background.

My most recent endeavor has been as a member of the Emerald Coast Parrot Head Club. My wife and I joined the club in August 2006. This year we are serving as Merchandise Co-Chairs. I have spent years working in many charity organizations I was the Hurlburt Field POC for the Ronald McDonald house. I have walked as a team member of the American Heart Association Walk America for 10 years and I participate in the American Cancer Society Relay for Life. In the course of our two years with the Club we have attended the majority of ECPHC meetings at Fudpucker's and Phlockings; manned the Billy Bowlegs booth both years; participated in the Poker Walk last year; participated in the Destin Seafood Festival both years; and most recently, we ran the club booth for the Panhandle PhunFest to benefit the Northwest Florida Zoo. We have also attended the Board meetings on a regular basis to stay in touch with what's going on in the club and to offer up our ideas. Jean and I were asked by the Board to attend this year's FL Parrot Head Club Leadership Conference which took place in Orlando. We had a great time, learned a lot, and shared approaches and techniques with the leadership from the other clubs. It was very eye opening.

I am ready to take the next step and would like to serve as a Member at Large on your Board.
